Where young minds build the future –

See you at STEAM camp!

Lake Region State College

College STEAM for Kids

Science, Technology, Engineering, Arts, and Math

July 13-16, 2026
Sessions ranging from 12-5 PM
Grades K-5

Lake Region State College

What To Expect

Dates

July 13th - 16th, 2026

Check – In Times

Please arrive at the LRSC Dining Room during the times listed below

Monday, July 13th | 12:15 PM

Tuesday - Thursday

Session One | 12:30 - 12:50 PM

Session Two | 2:00 - 2:15 PM

Session Three | 3:30 - 3:45 PM

Session Times

Session One | 12:55 - 2:10 PM

Session Two | 2:15 - 3:30 PM

Snack Time | 3:30 - 3:50 PM

Session Three | 3:50 - 5:05 PM

Students will be divided into classes by grade completed and can choose to attend one, two, or all three sessions.

There will be NO supervision after 5:15 PM. Students are responsible for their behavior on campus and parents are responsible for transportation to the college each day.

Mini Makers Market | (Grades K–5)

Kids will dive into hands-on fun, creating bath bombs, bracelets, keychains, decorated water bottles, and more. Explore your creativity, try new crafts, and make colorful projects just like a mini maker!

Minecraft Arts and Crafts | (Grades K–5)

Dive into the world of Minecraft and bring it to life with arts and crafts! Build, create, and let your imagination run wild in this exciting, “blocky” adventure.

Junior Police Academy | (Grades K–5)

Our kids’ four-day police academy will open each day with a mini physical fitness exercise. They will participate in fingerprinting, firearms safety and defensive tactics, and learn about laws and meet local law enforcement.

Fairy Magic | (Grades K–5)

Step into Fairyland, where magic comes to life! Create all things fairy and enjoy a whimsical adventure filled with imagination and enchantment.

Pokemon Arts and Crafts | (Grades K–5)

Take a look into the Pokemon universe and bring your favorite characters to life through fun arts and crafts! Design your own creations and embark on a journey filled with imagination.

Outdoor Water Fun | (Grades K–5)

What is more fun in the summer heat than water! Participate in these single and group activities outside and wear swimsuits or clothes that can get wet along with a dry set to change into for the remainder of the day!

Registration

Registration Guidelines

No early registrations will be accepted.

Registrations will be processed on a first come, first served basis.

If the child needs any auxiliary service aid or has a food allergy - mark this during registration.

Fees

$30 per class, per student | FULL payment is due while registering.

Supplies will be included in the class fee unless noted otherwise.

An additional $5 may be due while registering to cover any additional fees for that class.

LRSC has a NO REFUND policy for all sessions unless it is cancelled for low enrollement - you will be contacted if this is the case.

T-Shirts

Camp shirts are offered in sizes Youth Small - X-Large and Adult Small - X-Large.

Register by July 4th, 2026 to ensure you receive your shirt in time for camp - if you register after this date, your shirt may not be received until after camp.

When to Register

Registration opens May 1, 2026.
Updates will be posted to the Lake Region State College Facebook page.

Schedule at a Glance

Session One 12:55-2:10 PM

Grades K–2 (Choose 1 Class)

The Amazing World of Clouds
Pokemon Arts and Crafts
Tiny Pastry Architects
Wonders of Our World
Amazing Air Adventures
Little Nurse Training Camp
Mini Makers Market
Volleyball Camp
Intro to LEGO Building

Grades 3–5 (Choose 1 Class)

Pokemon Arts and Crafts
Junior Journalists
Drama Camp
Junior Police Academy
Robotics
Junior Chef
Outdoor Water Fun
Fairy Magic
Puff Car Creators

Session Two 2:15 - 3:30 PM

Grades K–2 (Choose 1 Class)

Nursery Rhymes STEAM Projects
Minecraft Arts and Crafts
Builders & Backyard Hideouts
Little Nurse Training Camp
Drama With Stories and Puppets
Junior Police Academy
Outdoor Water Fun
Fairy Magic
Doll DIY Projects

Grades 3–5 (Choose 1 Class)

Minecraft Arts and Crafts
Sweet Creations Lab
Exploring Science in Action
Mini Makers Market
LEGO Engineering Challenges
Robotics
Junior Chef
Puff Car Creators
Volleyball Camp
Doll DIY Projects

Session Three 3:50 - 5:05 PM

Grades K–2 (Choose 1 Class)

POP Into STEAM
Wonders of Our World
Mad Science Lab
Creative LEGO Creations
Junior Crime Scene Investigators
Puff Car Creators
Junior Chef

Grades 3–5 (Choose 1 Class)

Acting and Performing
Sweet Creations Lab
Creative Kid Inventors
Junior Nurse
Bucket Drumming
Robotics
Outdoor Water Fun
Who Did It?
Volleyball Camp

Robotics | (Grades 3–5)

Robots, mazes, electricity, and physics - dive into a world of imagination and watch your creation come to life! Learn how to build and train your very own workable robot from a kit or recyclables.

Creative Kid Inventors | (Grades 3–5)

Young thinkers get to dream up big ideas and bring them to life. They will design simple inventions, try out their ideas, and learn how to improve their creations. Students will practice problem-solving skills while discovering how inventors turn ideas into real things!

LEGO Engineering Challenges | (Grades 3–5)

Students will tackle fun LEGO challenges using creativity, teamwork, and hands-on materials. Every challenge is a race against gravity, and students get to discover how high their imagination can go!

Puff Car Creators | (Grades K–5)

Design, build, and race your very own puff-powered car! Use creativity and simple engineering skills to build cars that move with just a breath of air.

Volleyball | (Grades K–5)

Get ready to pass, set, and spike with the LRSC volleyball team! Learn the fundamentals to volleyball while building skills.

Doll DIY Projects | (Grades K–5)

Make great creations to share playtime with your doll. Discover and design exciting projects using a combination of new and recycled materials you and your doll can use and play with together. If you have a doll be sure to bring it to class each day!

Exploring Science in Action | (Grades 3–5)

Calling all curious thinkers and problem solvers! Dive into the exciting world of science through hands-on experiments, creative activities, and interactive lessons.

Acting and Performing | (Grades 3–5)

Students will learn the basics of acting and performing through fun games and storytelling. They will rehearse and perform a short play while building confidence, teamwork, and communication skills in a supportive environment.

Drama Camp | (Grades 3–5)

Explore theater games and bring short scenes to life on stage. Learn how to build characters, improvise, and how to be a confident stage actor or actress.

Who Did It? | (Grades 3–5)

Step into the world of DNA and discover what it unlocks! Learn how DNA works, analyze fingerprints, and dive into real investigations - put your skill to the test. Can you crack the case?

Junior Nurse Camp | (Grades 3–5)

Campers will learn about the human body, basic first aid, nurses tools, and the importance of kindness and empathy in healthcare. At the end of the week, campers will receive a "Junior Nurse" certificate and leave with fun memories and new skills to share with others!

Junior Chef | (Grades K–5)

Get ready to mix, stir, and create delicious treats! In this fun cooking class, you will discover creative ways to make tasty snacks you'll be excited to eat. Please bring an apron or a large shirt to wear to the class while cooking each day.

Camp Classes

The Amazing World of Clouds | (Grades K–2)

Look up! The sky is full of amazing clouds just waiting to be explored. Students will have fun learning, creating projects, and experimenting with this part of weather.

Nursery Rhyme STEAM Projects | (Grades K–2)

Do you love stories, building things, and fun projects? This class will be an adventure where we turn your favorite nursery rhymes into exciting hands-on activities.

Mad Science Lab | (Grades K–2)

Mix, fizz, and explore! Kids will dive into hands-on experiments, from bubbling potions to colorful reaction, discovering the fun of science along the way!

Little Nurse Training Camp | (Grades K–2)

This is a fun and hands-on experience where young campers get to explore the world of healthcare and nursing. Campers will learn about the human body through exciting activities, practicing first aid, and exploring healthy habits.

Intro to LEGO Building | (Grades K–2)

Students will unleash their creativity with LEGO bricks as they spark imagination and unlock design skills - all while having a blast.

Tiny Pastry Architects | (Grades K–2)

This is a fun and interactive baking class where kids become dessert designers! Young bakers can learn how to create delicious, layered treats while exploring flavors, textures, and decoration techniques.

POP Into STEAM | (Grades K–2)

Everyone loves POPCORN! Let's have a "popping" good time using the white puffs to make creative building projects.

Wonders of Our World | (Grades K–2)

Get ready to mix, build, explore and discover! Dive deep into the exciting world of science through hands-on experiments, interactive challenges, and real-world investigations.

Amazing Air Adventures | (Grades K–2)

Students will work together to make and test different air-powered creations. They will explore how things move through the air by building simple flying objects and testing them out!

Drama With Stories and Puppets | (Grades K–2)

Using your favorite fairytale characters, we will bring stories to life through puppets and our own acting abilities. Be ready to have fun playing imaginative theater games and learning how much fun acting can be!

Builders & Backyard Hideouts | (Grades K–2)

In these hands-on activities, students will explore how builders create safe and cozy structures. They'll work with friends to design and build small shelters such as treehouses, forts, and doghouses using simple materials. Discover how to make a strong and comfortable shelter.

Creative LEGO Creations | (Grades K–2)

Students will build fun LEGO creations using their imagination and creativity.

Junior Crime Scene Investigators | (Grades K–2)

Crack the case by following clues and uncovering hidden evidence! Dive into the world of investigating as you analyze fingerprints and track down suspects.

Junior Journalists | (Grades 3–5)

Students will receive the basics of photography and storytelling. Students will take pictures of class sessions and write short stories about what's happening during the week of college for kids. Suggested equipment: Digital camera and thumb drive/jump drive.

Bucket Drumming | (Grades 3–5)

Learn basic rhythyms and techniques to play bucket drums. We will practice routines and play along to some of your favorite songs!

Sweet Creations Lab | (Grades 3–5)

Young bakers turn imagination into delicious reality! This fun and engaging class teaches the basics of baking through hands-on activities, creative decorating, and a bit of kitchen science.
